

## Cultivation of 17,000 acres in Toshka

Date : July 2, 2019

For continued cooperation and to achieve the vision's strategies and studies for the 2nd phase of cultivating 17,000 acres in Toshka, a joint meeting was held in Egypt. The two groups were led by General Authority for Reconstruction and Agricultural Development Projects representative Major General Mohamed Helmi Abdel Hamid Rashwan and Al Rajhi International for Investment Co. CEO, Dr. Khalid Al Malahy.

The meeting was aimed at achieving collaboration between the two parties. Discussion included development and continuation of agricultural projects, new projects to be established from palm growing, livestock, solar energy in irrigation, and other investments.

Al Rajhi International for Investment Co. began work in Toshka few years ago on agricultural development and worked hard to reach the desired goal as an effective contributor to achieving food security.
