

Talbert Irrigation participates in Nambu Agriculture Trade Fair Exhibition

Date : June 19, 2019

Talbert has participated in the 2019 agricultural trade fair, one of the largest exhibitions organized in South Africa. The number of visitors to the exhibition, at which Talbert introduced its agricultural irrigation hubs, was estimated at 81,345.

The exhibition was attended by a large group of well-known agricultural companies, including those specializing in the production of tractors, industrial chemicals, fertilizers and feed, as well as financial institutions, agricultural extension service firms, agricultural cooperatives, utility companies, livestock product manufacturers and many other specialized industrial companies.
